

## COFFEE *of the* MONTH

Northern Sumatra - Asche District

Organic • Farm Friendly Direct • Dark Roast

Sumatran coffee beans are some of the heaviest, smoothest, and most complex coffees in the world.

A full spectrum of mouthwatering notes including cinnamon, spices, cocoa, cherry and wine making for an earthy blend that is low in acid and heavy-bodied. Dark-roasted.

### FARM FRIENDLY PROJECT:

Portland Roasting has donated monies that helped fund the rebuilding of a rural orphanage. During their most recent visit, they donated school uniforms and supplies. Our long-term goal is to assist farmers and their families in projects that will nurture their communities for years to come.
